In philosophy, the matter of personal identity deals with such questions as, "What makes it true that a person at one time is the same thing as a person at another time?" or "What kinds of things are we persons?" Generally, personal identity is the unique numerical identity of a person in the course of time. That is, the necessary and sufficient conditions under which a person at one time and ...

Is the American public becoming less religious? Yes, at least by some key measures of what it means to be a religious person. An extensive new survey of more than 35,000 U.S. adults finds that the percentages who say they believe in God, pray daily and regularly go to church or other religious services all have declined modestly in recent years.

Racial formation theory is an analytical tool in sociology, developed by Michael Omi and Howard Winant, which is used to look at race as a socially constructed identity, where the content and importance of racial categories are determined by social, economic, and political forces. Unlike other traditional race theories, "In [Omi and Winant's] view, racial meanings pervade US society, extending ...

Kindergarten used to be a place for children to learn how to add, subtract, and read. Next year, Washington school children as young as five years old will instead be learning about gender fluidity and the differences between gender and sexual identity. The newly-minted health and physical education standards, released by the Washington Office of Superintendent of Public Instruction (OSPI), will

Gender identity haunts every aspect of our lives, dictating the outcomes of our conversations, our workplaces, our relationships – even our bath products. Before most infants are named, they are assigned a sex based on the appearance of their external genitalia by a third party. These decisions are dolled out in a typically binary fashion, with no expectations for ambiguity.

The trickster is an alchemist, a magician, creating realities in the duality of time and illusion. In mythology, and in the study of folklore and religion, a trickster is a god, goddess, spirit, man, woman, or anthropomorphic animal who plays tricks or otherwise disobeys normal rules and conventional behavior.
