European standard steel number. In addition to the descriptive steel grade naming system indicated above, within EN 10027-2 is defined a system for creating unique steel grade numbers.

## **Steel grades - Wikipedia**

The Steel City is a common nickname for many cities that were once known for their production of large amounts of steel. With industrial production also in developing countries, like those in Eastern Europe and Asia, most of these cities do not produce as much steel as they used to. It is possible there will be new steel cities in those developing countries.
