Unlocking Asia's potential: What's next for energy and infrastructure finance in the region? Now in its fifth edition, IJAsia 2019 returns next March to bring together the most active government officials, developers, project sponsors, financiers, investors, law firms, advisors and service providers in Asia Pacific. Who will be attending?

Overview | IJAsia 2019 | Euromoney Seminars

AIDEA can assist Alaskans through its ability to develop, own (in whole or in part) and operate basic installations and facilities within the state, especially those which advance the prosperity of a region.

Project Development

Infrastructure may be owned and managed by governments or by private companies, such as sole public utility or railway companies. Generally, most roads, major ports and airports, water distribution systems and sewage networks are publicly owned, whereas most energy and telecommunications networks are privately owned.

Overview. The private finance initiative (PFI) is a procurement method which uses private sector investment in order to deliver public sector infrastructure and/or services according to a specification defined by the public sector. It is a sub-set of a broader procurement approach termed Public Private Partnership (PPP), with the main defining characteristic being the use of project finance ...
