

its raining cats and pdf

Dogs and cats have a range of interactions. The natural instincts of each species lead towards antagonistic interactions, though individual animals can have non-aggressive relationships with each other, particularly under conditions where humans have socialized non-aggressive behaviors.. The generally aggressive interactions between the species have been noted in cultural expressions.

Dogâ€™cat relationship - Wikipedia

A feral cat is a domestic cat that lives outdoors and has had little or no human contact. They do not allow themselves to be handled or touched by humans, and will run away if they are able. They typically remain hidden from humans, although some feral cats become more comfortable with people who regularly feed them.
