

### **the narrative modes techniques pdf**

Narrative exposition is the insertion of important background information within a story; for example, information about the setting, characters' backstories, prior plot events, historical context, etc. In a specifically literary context, exposition appears in the form of expository writing embedded within the narrative. Exposition is one of four rhetorical modes (also known as modes of ...

### **Exposition (narrative) - Wikipedia**

Overview. A narrative is a telling of some true or fictitious event or connected sequence of events, recounted by a narrator to a narratee (although there may be more than one of each).

Dramatic literature, the texts of plays that can be read, as distinct from being seen and heard in performance.. The term dramatic literature implies a contradiction in that literature originally meant something written and drama meant something performed. Most of the problems, and much of the interest, in the study of dramatic literature stem from this contradiction.
