Due to the federal government shutdown, the National Museum of Natural History is closed; programs and events at the museum are also canceled.

Entomology | Smithsonian National Museum of Natural History

Natural history begins with Aristotle and other ancient philosophers who analyzed the diversity of the natural world. Natural history was understood by Pliny the Elder to cover anything that could be found in the world, including living things, geology, astronomy, technology, art and humanity.

Natural history - Wikipedia

The Natural History of Us was such a sweet sweet sweeeeeet read! I enjoyed The Fine Art of Pretending , and I was so glad to have learned that Justin would have his own book! As expected, I liked this one, maybe even better than the first installment.

The Natural History of Us by Rachel Harris - Goodreads

Pliny's Natural History became a model for later encyclopedias and scholarly works as a result of its breadth of subject matter, its referencing of original authors, and its index. The work is dedicated to the emperor Titus, a son of Pliny's close friend, the emperor Vespasian, in the first year of Titus's reign.
