The Nordic model refers to the economic and social policies common to the Nordic countries (Denmark, Finland, Norway, Iceland, Greenland, the Faroe Islands and Sweden). This includes a comprehensive welfare state and collective bargaining at the national level with a high percentage of the workforce unionized while being based on the economic foundations of free market capitalism.

Background. The Nordic societies are highly digitalised with advanced digital solutions, as well as a digitally competent business community. However, the digital development is only coordinated to a limited extent, which means that the potential of data is not unlocked, and digitalisation and automation is not interoperable and cannot be fully explored.
