Human Prehistory and the First Civilizations. This is a world tour of prehistory with profound links to who we are and how we live today. This 36-lecture narrative covers human prehistory from our beginnings more than 2.5 million years ago up to and beyond the advent of the world's first preindustrial civilizations.

Human Prehistory and the First Civilizations Prof. Fagan

Because most of those artifacts are made of stone, prehistoric times are commonly called the Stone Age. Scientists divide the Stone Age into two periods: the Old Stone Age and the New Stone Age. The Old Stone Age began about 2 million years ago, when people first appeared. It ended about 10,000 years ago.

THE FIRST PEOPLE - robeson.k12.nc.us

History of the term. The first use of the word prehistory in English, however, occurred in the *Foreign Quarterly Review* in 1836. The use of the geologic time scale for pre-human time periods, and of the three-age system for human prehistory, is a system that emerged during the late nineteenth century in the
