Real strength for real people from a real God. For the eyes of the Lord run to and fro throughout the whole earth to show himself strong in behalf of those whose hearts are blameless toward Him. 2 Chr. 16:9 (Amplified).

Discovering the Real "Secret" of Life

The real power of questions Promoting a deep-thinking classroom culture is a result of teachers posing the right type of questions, says Ron Ritchhart. What makes a good question? Asking good questions has long been a focus in education, particularly as it relates to students' thinking and the creation of opportunities for learning.

model can't capture the real-life unpredictability of change initiatives. When we went deeper into this reasoning, we found that leaders didn't know what to do or how to behave when leading change. We wanted to know more about what leaders do when leading change, and we refer to what leaders do as Change-Capable Leadership.

The Real Power Propelling Successful Change

The vector difference between apparent power and real power is known as reactive power and it is measured in volt-amperes, reactive (VAR). The measurement of reactive power assumes that apparent power, real power, and reactive power form a right triangle with apparent power as the longest leg (hypotenuse).
