Hearing voices or seeing visions is a relatively common human experience. Statistics vary, but anywhere between 3 and 10% of the general population hear voices at some point in their lives.

Getting Help & Support for Distressing Voices & Visions

The Hearing Voices Movement (HVM) is the name used by organizations and individuals advocating the "hearing voices approach", an alternative way of understanding the experience of those people who "hear voices". In the medical professional literature, "voices" are most often referred to as auditory hallucinations or "verbal" hallucinations. The movement uses the term "voices ...
